

Special Issue

Toward a Circular Economy in the Agro-Industrial and Food Sectors

Message from the Guest Editors

To synthesize different research and compile all theoretical and empirical studies concerning the circular economy applied to the agro-industry and food sectors, researchers are invited to submit their work regarding diverse theoretical perspectives, varied empirical approaches, and multiple levels of analysis, as well as qualitative and quantitative experiments, literature reviews, and meta-analyses. This Special Issue aims to draw a comprehensive picture of the circular economy applied to the agro-industry and food sectors. We welcome submissions from various disciplines, but are not limited to the following topics:

- Circular economy as part of the organizational strategy;
- Circular economy as a conduit for sustainable growth;
- Industrial ecology;
- Biomimetics synthesis;
- Recycling and reuse;
- Biorefinery;
- Biomaterials;
- Production of platform molecules;
- Production of added-value compounds.
