

Special Issue

Quality and Sustainability: The Way to Improvement

Message from the Guest Editors

This Special Issue aims to present fundamental and applied research focusing on the relationship between quality and sustainability, specifically on how these two organizational dimensions can promote performance improvements in organizations in a sustainable manner.

We invite researchers and practitioners to submit contributions focusing on case studies, theory development and fundamental research. Recommended topics of submissions should be related (but not limited) to the following:

- Quality and sustainability relationship and synergies;
- Quality and sustainability improvement projects;
- Circular economy and material analysis;
- Environmental impact assessment in quality management;
- Corporate social responsibility (CSR) and reporting;
- Quality and sustainability metrics;
- Sustainable supply chains;
- Quality and sustainability value creation.

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Marc A. Rosen

Faculty of Engineering and Applied Science, University of Ontario
Institute of Technology, Oshawa, ON L1G 0C5, Canada

Author Benefits
