

Special Issue

Personal and Social Factors Influencing Consumers Attitudes and Behaviors toward Sustainable Foods

Message from the Guest Editors

The goal of the issue is to gather the most novel and comprehensive investigations that prioritize personal and social factors driving sustainable food consumption. It welcomes manuscripts with research areas including: conceptualizations/theoretical models driving sustainable food consumption; studies examining the impact of personal/social factors on sustainable food consumption; studies exploring processes linking personal/social factors and environmental mechanisms; sustainable food literacy; persuasive sustainable food messaging targeting personal/social attributes; social norms driving attitudes/behaviors toward sustainable foods; data-analytic approaches to identify social support/norms of online communities regarding sustainable foods; barriers to adopting sustainable food consumption; factors influencing consumers' attitudes and behavioral intentions toward organic, vegan, and plant-based foods; socioeconomic factors; psychological individual differences; cross-cultural and geographic differences; media preferences/patterns/habits driving knowledge/perceptions of sustainable foods.

We look forward to your submissions.

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Marc A. Rosen

Faculty of Engineering and Applied Science, University of Ontario
Institute of Technology, Oshawa, ON L1G 0C5, Canada

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.
