# **Special Issue**

# Sustainable Development of Water Resources and Environmental Systems in Changing Climate Scenarios

# Message from the Guest Editors

Within this context, the main scope and purpose of the Special Issue is to publish the latest works and case studies related to sustainable developmental issues under changing climate scenarios. Research papers and case studies are invited with the following listed themes.

- Sustainable development of water resource systems;
- Sustainable development and environmental issues;
- Climate change and sustainable developmental issues:
- Sustainable water resource management under changing climate scenarios;
- Urban water problems and sustainable development under changing climate;
- Groundwater management and issues of sustainability under changing climate;
- Agricultural water management for sustainable development under changing climate;
- Extremities of flooding and droughts under changing climate and sustainable developmental issues;
- Water, policy, and sustainability—planning and implementation for sustainable development;
- Sustainable development and watershed management;
- Applications of GIS, remote sensing and decision support systems for the sustainable development of water and environment systems.

# **About the Journal**

# Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in Sustainability, an international open access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

# Editor-in-Chief

Prof. Dr. Steve W. Lyon

School of Environment and Natural Resources, Ohio State University, Columbus, OH 43210, USA

## **Author Benefits**

# Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

# **High Visibility:**

indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, RePEc, CAPlus / SciFinder, and other databases.

## Journal Rank:

JCR - Q2 (Environmental Studies) / CiteScore - Q1 (Geography, Planning and Development)
