

## Special Issue

# Off-Site Construction: Challenges and Prospects for Supporting the Energy Transition

### Message from the Guest Editors

This Special Issue aims to provide a comprehensive and advanced overview of OSC, welcoming all research types (literature reviews and qualitative and quantitative research) from different geographical contexts. This Special Issue will include, but is not limited to, the following topics:

- Barriers to and drivers of OSC;
- OSC benefits;
- OSC materials, including innovative and unconventional materials;
- OSC solutions (components and elements);
- Production process of OSC components and elements;
- OSC value chain;
- Digital OSC technologies;
- Sustainability and OSC;
- Circular economy and OSC;
- Net-zero transition and OSC.

# About the Journal

## Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in Sustainability, an international open access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.
