

Special Issue

Sustainable Operations Practices, Performance and Management (2nd Edition)

Message from the Guest Editors

This Special Issue (SI) focuses on the latest developments in sustainable operation practices and management, such as the adoption of environmentally friendly technologies, decision optimization, operations research, strategic management and corporate social responsibility (CSR) programs, their performance and benefits impacting workers and other stakeholders, and inspiring further sustainability concerns. We earnestly invite scholars from various backgrounds and study areas to submit papers and reports related to the field of sustainable operations.

- sustainable operations
- environmentally friendly technologies
- decision optimization
- operations research
- coordination mechanism
- strategic management
- CSR programs
- emission reduction
- energy efficiency
- resource conservation

Guest Editors

Prof. Dr. Hui-Ming Wee

Dr. Mauricio F. Blos

Dr. Yugowati Praharsi

Dr. Yann Mey Yee

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Marc A. Rosen

Faculty of Engineering and Applied Science, University of Ontario
Institute of Technology, Oshawa, ON L1G 0C5, Canada

Author Benefits
