

Special Issue

Developing Sustainable Tourism Destinations in Times of Transition: Economic and Social Resilience in Destination Communities and the New Role of DDMMOs

Message from the Guest Editors

This Special Issue is an occasion for authors to submit manuscripts related (but not limited) to the following topics:

- New forms of DDMMOs;
- Adoption of sustainable practices by DDMMOs;
- Natural-based solutions in tourism destination management and marketing;
- Community-based and community-owned approaches in destination management and marketing;
- DDMMOs capacities and responsibilities in times of crisis and disaster risk;
- DDMMOs managing market failures in times of crisis and disaster risk;
- Destination management and social sustainability;
- Forms of tourism as a destination management and marketing tool;
- Sharing economy and digital nomads as forces of social and cultural change or tools for coping with crises;
- Social media as a tool for community-based approaches in destination management;
- Smart destinations, smart DDMMOs, and smart communities;
- Co-creation for sustainable destinations and the role of local communities;
- The role of the main stakeholders (e.g., airports and airlines) and stakeholder management at a destination level, in times of transition.

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief
