

## Special Issue

# New Technological Applications in Agriculture for the Development of the Circular Bioeconomy

### Message from the Guest Editors

This Special Issue aims to provide a platform to publicize the agricultural circular economy and report the important research progress of new technologies, new methods, and new equipment in the circular agricultural economy, focusing on new applications of agricultural informatization, intelligent equipment technology, and green prevention and control technology. We welcome submissions including but not limited to: (1) Research progress of green prevention and control technology in agricultural circular economy; (2) Research progress of Internet of Things technology in agricultural circular economy; (3) Research progress of agricultural information technology in agricultural circular economy; (4) Research progress of intelligent equipment technology in agricultural circular economy; (5) Research progress of soil testing and formulated fertilization in agricultural circular economy; (6) Research progress of artificial intelligence technology in agricultural circular economy; (7) Research progress of "5S" technology in agricultural circular economy; (8) Research progress of big data technology in agricultural circular economy.

### Guest Editors

Prof. Dr. Yingkuan Wang

Prof. Dr. Liyong Fu

Dr. Jianbo Shen

### Deadline for manuscript submissions

2 October 2025

## About the Journal

### Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

---

### Editor-in-Chief

Prof. Dr. Marc A. Rosen

Faculty of Engineering and Applied Science, University of Ontario  
Institute of Technology, Oshawa, ON L1G 0C5, Canada

### Author Benefits

#### Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

#### High Visibility:

indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, RePEc, CAPIus / SciFinder, and other databases.

#### Journal Rank:

JCR - Q2 (Environmental Studies) / CiteScore - Q1  
(Geography, Planning and Development)
