

## Topical Collection

# Air Pollution Control and Sustainable Development

### Message from the Collection Editors

The atmosphere is one of the key bases for human survival and development. During the rapid economic growth and remarkable pace of global industrialization, massive amounts of fossil fuels including coal, petroleum, and natural gas have been consumed. The whole world—especially the developing countries—is facing a growing issue of air pollution...

## About the Journal

### Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in Sustainability, an international open access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.
