

## Special Issue

# Exploring Technologies for Sustainable Learning Experience: Augmented Reality (AR) in Education Systems

### Message from the Guest Editors

The main goal of this Special Issue is to fill these gaps by collecting conceptual, review and research papers exploring the application of AR in education with the goal of achieving a sustainable learning experience. In this Special Issue, original research articles and reviews are welcome. **Research areas** may include (but are not limited to) the following:

- Design and development of AR learning environments;
- Game-based AR learning experiences;
- Pedagogical approaches, learning theories and methodologies for AR application in education;
- User experience and acceptance evaluation of AR learning applications;
- Sustainable learning experience through AR in education;
- Technical platforms, scalability, and implementation of AR learning environments;
- Ethical, privacy and security issues of AR learning applications.

We look forward to receiving your contributions.

---

## About the Journal

### Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

### Author Benefits

#### Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

#### High Visibility:

indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, RePEc, CAPIus / SciFinder, and other databases.

#### Journal Rank:

JCR - Q2 (Environmental Studies) / CiteScore - Q1  
(Geography, Planning and Development)
