

Special Issue

Agricultural Landscapes: Challenges and Opportunities

Message from the Guest Editor

For this Special Issue, we welcome empirical and conceptual research papers and literature reviews to provide possible solutions that minimize the environmental pressures on agrarian landscapes generated by anthropogenic processes, and to mitigate the potential effects of climate change. Specifically, we welcome papers focused on, or related to:

- Sustainable land use of agricultural landscapes
- Social, ecological, and economic sustainability of rural landscapes
- Conserving ecosystem services across agricultural landscapes
- Land productivity and economic sustainability of agricultural landscapes
- Land use transformations from agrarian landscapes into energy landscapes
- Recent and predicted land use change of agricultural landscapes
- Biodiversity of agricultural landscapes
- Landscape patterns and landscape ecological processes of agricultural landscapes
- Landscape analyses of agricultural landscapes with remote sensing and GIS methods
- Climate change and the mitigation of agrarian landscapes
- Environmental sensitivity of agrarian landscapes
- Rural–urban fringe as a conflict zone
- Economic sustainability of agrarian landscapes
- Protection of land productivity

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Marc A. Rosen

Faculty of Engineering and Applied Science, University of Ontario
Institute of Technology, Oshawa, ON L1G 0C5, Canada

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, RePEc, CAPIus / SciFinder, and other databases.

Journal Rank:

JCR - Q2 (Environmental Studies) / CiteScore - Q1
(Geography, Planning and Development)
