Geographical Perspectives on Sustainable Tourism: Challenges and Opportunities

Message from the Guest Editors

The geography of tourism refers to the study of tourism within the framework of geographic knowledge. We would like to invite you to discuss geography and sustainability in the context of newly emerging topics in tourism:

- Safety and security in tourism;
- Accessible tourism;
- Innovation and the application of new technologies in hospitality and tourism;
- Smart tourism destinations;
- New consumers (Generation Z) in tourism;
- Overtourism and zero tourism;
- Sharing economy in tourism;
- Tourism in the Anthropocene;
- Low-carbon tourism;
- Circular economy in tourism;
- Sharing economy in tourism;
- Slow tourism;
- Regenerative tourism;
- Transformative tourism;
- Experiential tourism;
- Sustainable tourism planning and development;
- Designing the tourist journey for the advancement of sustainable tourist practices;
- Innovative sustainable tourism development;
- Social media and influencer marketing for promoting sustainable tourism;
- Climate change and tourism sustainability.

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief
