

## Special Issue

# New Frontiers in Biocleaning Technologies for Cultural Heritage

### Message from the Guest Editors

The following themes and questions would be of particular interest (NB: this list is not exhaustive):

- How are well the BTCH technologies known and widespread in developed countries?
- How are considered in western/easter countries?
- What are the current trends of research in BTCH?
- What are the important contemporary case-study of BTCH ?
- What problems needed to be solved to increase the use of BTCH ?
- What are implications of BTCH in developed/developing countries?
- Where can BTCH research offer best practices in artworks recovery ?
- What are the practical and methodological challenges of conducting BTCH research?
- What are the practical challenges of implementing BTCH strategy in their use?

### Guest Editors

Prof. Dr. Giancarlo Ranalli

Department of Science and Territory, University of Molise, Via Francesco De Sanctis, 1, 86100 Campobasso CB, Italy

Prof. Dr. Elisabetta Zanardini

Department of Science and High Technology, University of Insubria, Via Ravasi, 2, 21100 Varese VA, Italy

### Deadline for manuscript submissions

closed (30 September 2019)

## About the Journal

### Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.
