

Special Issue

Biomass for Sustainability: Resource, Technology Conversion and Energy Management

Message from the Guest Editors

The focus of this Special Issue will be to publish a comprehensive overview and in-depth technical research papers addressing recent progress in biomass-based systems and innovative applications. Therefore, this Special Issue will cover but is not limited to the following topics: • Approach of energy application of biomass in power systems, especially in combined heat and power systems; • Bioenergy simulation using available or newly developed advanced systems; • Development and application of biofuels as an alternative to fossil fuels; • Implementation of biorefineries and new bioenergy systems; • Achievement of nearly zero-energy buildings using bioenergy; • Biomass for sustainable rural development; • Research of bioenergy implementation by thermal systems.

Guest Editors

Prof. Dr. Luis M. López-Ochoa

TENECO Research Group, Department of Mechanical Engineering,
University of La Rioja, Calle San José de Calasanz, 31, Logroño, 26004
La Rioja, Spain

Dr. José P. Paredes-Sánchez

School of Mining, Energy and Materials Engineering of Oviedo,
Department of Energy, University of Oviedo, 33004 Principado de
Asturias, Spain

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Marc A. Rosen

Faculty of Engineering and Applied Science, University of Ontario
Institute of Technology, Oshawa, ON L1G 0C5, Canada

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, RePEc, CAPIus / SciFinder, and other databases.

Journal Rank:

JCR - Q2 (Environmental Studies) / CiteScore - Q1
(Geography, Planning and Development)
