

## Special Issue

# Brownfields in Sustainable Urban and Rural System

### Message from the Guest Editor

This Special Issue focuses on the following topics and problems: - The role of brownfields in urban and rural areas - Endogenous and exogenous drivers in the formation of brownfields and sustainable models and development - Policy and politics regarding the sustainable development of brownfields - Tools and good practices in the sustainable development of brownfields - Developing brownfields for local communities - Social responsibility for the sustainable development of brownfields - Directions of brownfield transformation on a local and regional scale - Role and possibilities offered by GIS in brownfields research - “Postindustrial” and “postmining” forests: an opportunity or a problem for sustainable urban development? - Brownfields: a problem or an attractive economic and tourist space?

### Guest Editor

Prof. Dr. Robert Krzysztofik

Institute of Social and Economic Geography and Spatial Management,  
University of Silesia in Katowice, 40-007 Katowice, Poland

### Deadline for manuscript submissions

closed (1 September 2021)

## About the Journal

### Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.
