

## Special Issue

# Electronic Business and Sustainable Development

### Message from the Guest Editors

This Special Issue calls for papers that discuss "E-Business and Sustainable Development". We seek contributions from researchers from different fields and specializations employing mixed methods and hybrid analytical approaches to provide more insights into this topic from multiple perspectives. Papers can be conceptual or empirical, quantitative or qualitative, or case studies. Papers selected for this Special Issue are subject to a rigorous peer-review procedure, with the aim of facilitating the rapid and wide dissemination of research results, developments, and applications. A list of some potential topics for this Special Issue is provided below:

- The sustainable development of e-business;
- Sustainable digital marketing;
- E-business and environmental responsibility;
- Sustainable supply chain;
- Green marketing/consumption in e-business;
- Green finance and smart logistics in e-business;
- Innovative and sustainable e-business models;
- Emerging digital technologies in e-business
- AI-enabled e-business;
- Sustainable e-business

## About the Journal

### Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.
