## Restoring Coastal Resilience

### Message from the Guest Editor

Coastal ecosystems are under threat from numerous anthropogenic stressors, resulting in significant habitat losses globally. Restoration can mitigate damage to ecosystems and ensure the recovery and continued sustainment of ecosystem services.

## About the Journal

### Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.
