

Special Issue

The Collaborative Economy in the Age of Digital Disruption

Message from the Guest Editors

This Special Issue aims to bring together recent developments in the field of the collaborative economy and the platform economy. These challenges relate to emerging business models that use digital platforms to connect different users and operate in different sectors and include among others: - Collaborative transportation: app-based short-distance ride-sharing services, long-distance ride-sharing services, carpooling, car-sharing networks, or parking sharing platforms; - Collaborative accommodation: home-sharing; peer-to-peer rental platforms; home-swapping platforms or online-only vacation rental platforms; - Collaborative finance: crowdfunding platforms; lending platforms; - Collaborative e-learning: shared learning platform, open online courses, P2P education, etc.; - On-demand household services: crowdsourced delivery networks; on-demand household chores; - On-demand professional services: large online-only freelancer marketplaces or specialized on-demand professional service platforms.

Guest Editors

Prof. Dr. Javier Jorge-Vázquez

Prof. Dr. Sergio Luis Nández Alonso

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Marc A. Rosen

Faculty of Engineering and Applied Science, University of Ontario
Institute of Technology, Oshawa, ON L1G 0C5, Canada
