

## Special Issue

# The Collaborative Economy in the Age of Digital Disruption

### Message from the Guest Editors

This Special Issue aims to bring together recent developments in the field of the collaborative economy and the platform economy. These challenges relate to emerging business models that use digital platforms to connect different users and operate in different sectors and include among others: - Collaborative transportation: app-based short-distance ride-sharing services, long-distance ride-sharing services, carpooling, car-sharing networks, or parking sharing platforms; - Collaborative accommodation: home-sharing; peer-to-peer rental platforms; home-swapping platforms or online-only vacation rental platforms; - Collaborative finance: crowdfunding platforms; lending platforms; - Collaborative e-learning: shared learning platform, open online courses, P2P education, etc.; - On-demand household services: crowdsourced delivery networks; on-demand household chores; - On-demand professional services: large online-only freelancer marketplaces or specialized on-demand professional service platforms.

## About the Journal

### Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in Sustainability, an international open access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.
