

Special Issue

Sustainability Strategy, Corporate Growth and Risk Perspectives

Message from the Guest Editors

This Special Issue aims to explore the multifaceted relationship between corporate strategy, governance, finance, and sustainability. The focus will be on understanding how companies integrate sustainability into their operations, how governance frameworks evolve to support sustainable practices, and how strategic decisions related to corporate growth and risk are shaped by sustainability goals. Key topics include the following:

- **ESG as a strategic orientation and its impact on corporate performance:** Examining how the adoption of Environmental, Social, and Governance (ESG) strategies influences a company's long-term value creation, reputation, and stakeholder relationships.
- **Sustainability disclosure and corporate transparency:** Investigating the role of sustainability reporting and disclosures in shaping corporate transparency, trust with stakeholders, and long-term performance.
- **Corporate governance and sustainability:** Discussing the evolution of governance structures that prioritize sustainable development and stakeholder engagement and how they drive accountability in corporate decision-making.

Guest Editors

Prof. Dr. Alberto Dell'Acqua

1. Department of Economics, Statistics and Enterprise, Mercatorum University, Rome, Italy
2. Luiss Business School Milan Hub, Rome, Italy

Prof. Dr. Massimo Mariani

Department of Management, Finance and Technology, LUM University, Casamassima, Italy

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Marc A. Rosen

Faculty of Engineering and Applied Science, University of Ontario
Institute of Technology, Oshawa, ON L1G 0C5, Canada
