

## Special Issue

# Innovations in Economic Approaches to Sustainable Development Goals

### Message from the Guest Editor

Dear Colleagues: In this Special Issue, original research articles and reviews are welcome. Research areas may include (but are not limited to) the following: valuation of corporate sustainability;

Green transition;

Digitization as the promotion of sustainability;

Appearance of green and sustainable goals in strategic decisions;

Sustainability assessment for non-profit organizations;

Evaluating the subjectivity inherent in sustainability;

Corporate implementation of green technologies;

Data-driven control for a green transition;

Application of artificial intelligence for more sustainable company processes;

BIGDATA and corporate sustainability. I look forward to receiving your contributions.

# About the Journal

## Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in Sustainability, an international open access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.
