# **Special Issue**

# Strategies for Coping with Daily Stress and Related Educational and Psychosocial Factors, Part II

### Message from the Guest Editors

In this Special Issue, original research articles and reviews are welcome. Research areas may include (but are not limited to) the following:

- Coping with everyday stress in different contexts, situations, and environments;
- Assessment of coping strategies and relationships with adjustment, coping, and psychological well-being;
- Influence of different factors or variables on the differential use of coping strategies;
- Improving coexistence, attention to diversity, and coping strategies;
- Bullying and coping strategies;
- Burnout and teacher stress;
- Coexistence, stress, and coping strategies;
- Addictions and coping strategies;
- Coping, daily stress, and mindfulness;
- Self-esteem, resilience, and educational psychology;
- Effective communication, acquisition of soft skills, empathy, and emotional intelligence;
- Differences in the use of coping strategies depending on the culture;
- Coping, internalized symptomatology, externalized symptomatology, etc.

We look forward to receiving your contributions.

## **About the Journal**

### Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in Sustainability, an international open access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

#### Editor-in-Chief

Prof. Dr. Steve W. Lyon

School of Environment and Natural Resources, Ohio State University, Columbus, OH 43210, USA
