

Special Issue

Design and Sustainability

Message from the Guest Editors

For this Special Issue titled “Design and Sustainability”, we invite the submission of articles that foster discussion on the design and development of products, services and PSS that are socially, economically and environmentally sustainable. We welcome papers that consider integrated models of sustainability, as well as work that reflects on the often overlooked ‘softer’ dimension of social sustainability. In this Special Issue, we also encourage papers that give a voice to marginalised groups, including women, indigenous and poor populations, who often face the worst effects of sustainability challenges such as climate change.

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Marc A. Rosen

Faculty of Engineering and Applied Science, University of Ontario
Institute of Technology, Oshawa, ON L1G 0C5, Canada

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, RePEc, CAPIus / SciFinder, and other databases.

Journal Rank:

JCR - Q2 (Environmental Studies) / CiteScore - Q1
(Geography, Planning and Development)
