

Special Issue

Designing Sustainable Urban Soundscapes

Message from the Guest Editors

We are inviting submissions for the Special Issue “**Designing Sustainable Urban Soundscapes**”, which aims to gather research results concerning urban soundscape research, education, and design. Although the body of literature and multi-disciplinary research on soundscape has been growing in the last two decades, there is still a strong need to bridge the gap between academia and practice by providing a holistic framework of urban soundscape education, research, and design. For this reason, we are launching this call for a Special Issue on **Designing Sustainable Urban Soundscape**. This Special Issue will include a collection of original research articles, soundscape education, design practices, technical notes, and review papers on the following list of topics:

- Community noise;
- Environmental noise;
- Soundscape design;
- Soundscape mapping;
- Education in soundscape;
- Psychoacoustics for soundscape;

For further reading, please visit the [Special Issue Website](#).

Guest Editors

Dr. Jooyoung Hong

Assistant Professor (Ph.D.), Department of Architectural Engineering,
Chungnam National University, Daejeon, Korea

Dr. Bhan Lam

Research Fellow, School of Electrical and Electronic Engineering,
Nanyang Technological University, Singapore

Deadline for manuscript submissions

closed (31 January 2023)

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in Sustainability, an international open access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Steve W. Lyon

School of Environment and Natural Resources, Ohio State University,
Columbus, OH 43210, USA

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, RePEc, CAPlus / SciFinder, and other databases.

Journal Rank:

JCR - Q2 (Environmental Studies) / CiteScore - Q1
(Geography, Planning and Development)
