

Special Issue

The Rise of Domestic Tourism and Non-travelling in the Times of COVID-19

Message from the Guest Editor

This Special Issue of *Sustainability* calls for the submission of papers analyzing questions related to the following topics:

- Changes in tourist flows from international to domestic tourism;
- COVID-19 as a chance for domestic tourism: rebranding of the “local” as a tourist destination;
- COVID-19 as a chance for recovery from overtourism;
- Challenges of diverting international tourism flows to national and/or rural destinations;
- Critical evaluation of the sustainability of domestic tourism;
- Non-travel and staycation as new forms of tourism;
- Consequences of a decline in international tourist arrivals for developing countries;
- Environmental consequences of changes in tourist flows;
- “Reuse” of touristic infrastructure for local residents’ leisure activities.

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Marc A. Rosen

Faculty of Engineering and Applied Science, University of Ontario
Institute of Technology, Oshawa, ON L1G 0C5, Canada

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.
