

Special Issue

Selected Papers from the 10th European Conference on Renewable Energy Systems

Message from the Guest Editors

This Special Issue will present the papers selected for the 10th European Conference on Renewable Energy Systems (ECRES2022—ecres.net), which took place in Istanbul, Turkey, through a hybrid format. This international event hosted participants from 59 countries.

ECRES aims to bring together researchers, engineers, and natural scientists from all over the world that are interested in the advancement of renewable energy systems. Wind, solar, hydrogen, hydro-, geothermal, solar concentrating, fuel cell, energy harvesting, and other energy-related topics are welcome.

Submissions must have been submitted to the ECRES 2022 conference via the link <https://cmt3.research.microsoft.com/ECRES2022> and presented in the conference successfully. Approved papers will be published in the journal.
