

## Special Issue

# Exploring Transformative Approaches to Contemporary Territorial Challenges: Between Advocacy, Coproduction and Entrepreneurial Approaches

### Message from the Guest Editors

The purpose of this Special Issue is to collect state-of-the-art research that examines these new urban realities and explores the themes of advocacy, co-production and entrepreneurial initiatives connected to social innovation and transformative economies. In particular, we are seeking contributions that focus on three critical issues:

- Local advocacy groups in marginal areas;
- Urban regeneration initiatives led by place-based institutional schemes;
- Open social innovation programs

## About the Journal

### Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in Sustainability, an international open access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.
