

Special Issue

Emerging Destinations Tourism Economics

Message from the Guest Editor

This Special Issue invites research papers to discuss and analyse specific problems of tourism economics in emerging destinations. The Special Issue welcomes studies from various disciplines and broad scientific methods. Authors of research papers focusing on tourism economics in emerging destinations can conduct investigations using approaches like theoretical constructs and models, econometric analyses, comparative studies and case studies. Studies applying approaches such as these are welcomed in the Special Issue.

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Marc A. Rosen

Faculty of Engineering and Applied Science, University of Ontario
Institute of Technology, Oshawa, ON L1G 0C5, Canada

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.
