Special Issue

Emerging Destinations Tourism Economics

Message from the Guest Editor

This Special Issue invites research papers to discuss and analyse specific problems of tourism economics in emerging destinations. The Special Issue welcomes studies from various disciplines and broad scientific methods. Authors of research papers focusing on tourism economics in emerging destinations can conduct investigations using approaches like theoretical constructs and models, econometric analyses, comparative studies and case studies. Studies applying approaches such as these are welcomed in the Special Issue.

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in Sustainability, an international open access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Steve W. Lyon

School of Environment and Natural Resources, Ohio State University, Columbus, OH 43210, USA
