

Special Issue

Energy Security and Sustainable Development

Message from the Guest Editors

The Covid-19 pandemic and the climate crisis have witnessed an increase in the number of calls for governments to direct recovery funds to green energy projects. Since energy is central to any economy, it is essential that the energy produced by these projects be available when it is needed, affordable to those who use it, and environmentally acceptable.....

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief
