

Special Issue

Energy Economics and Environmental Sustainability: The Development of Green Industry

Message from the Guest Editors

We welcome empirical, theoretical, and review papers on topics that include, but are not limited to: Economic Viability of Renewable Energy Sources: Examining the economics of solar, wind, hydro, and other renewable energy sources;

Green Technologies and Innovations: Evaluating the impact of green technologies on industrial development and environmental conservation;

Policy Frameworks for Green Industry: Comparative analyses of governmental policies that stimulate or hinder the growth of green industries;

Resource Management for Sustainability: Approaches to managing natural resources in a manner that balances economic growth and environmental protection;

Market Dynamics in Green Industries: Studies on supply and demand, competition, and other market forces in green industry;

Sustainable Business Models: Evaluating how businesses in the green sector can achieve profitability while meeting environmental and social goals;

Global and Regional Case Studies: Analyses that offer lessons from specific geographies regarding the development of green industry;

Energy Transitions and Infrastructure: Studies on the shift from fossil-fuel-based systems to sustainable energy infrastructures.

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Marc A. Rosen

Faculty of Engineering and Applied Science, University of Ontario
Institute of Technology, Oshawa, ON L1G 0C5, Canada

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, RePEc, CAPIus / SciFinder, and other databases.

Journal Rank:

JCR - Q2 (Environmental Studies) / CiteScore - Q1
(Geography, Planning and Development)
