

Special Issue

Sustainable Waste Management in the Context of Circular Economy: 2nd Edition

Message from the Guest Editors

In this Special Issue, original research articles and reviews are welcome, and research areas may include, but are not limited to:

- Policy planning, design, and frameworks for SWM within the context of the circular economy;
- Technology and its application in SWM;
- Improved methods and their application in SWM;
- Environmental impact assessment for the environmental consequences of policies, technologies, and methods;
- Field monitoring with the four elements of production, consumption, discharge, and disposal in a circular system;
- Country reports introducing success stories.

Additionally, other topics related to the keywords of waste; sustainable management; circular systems; recycling and reuse; minimization; environmental assessment; policy and regulations; planning, design, and programs; storage; collection; transport and transfer; landfill disposal; economic analysis; etc., are all welcome. We look forward to receiving your contributions.

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Marc A. Rosen

Faculty of Engineering and Applied Science, University of Ontario
Institute of Technology, Oshawa, ON L1G 0C5, Canada

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, RePEc, CAPIus / SciFinder, and other databases.

Journal Rank:

JCR - Q2 (Environmental Studies) / CiteScore - Q1
(Geography, Planning and Development)
