

## Special Issue

# Bridges of the Future: Sustainable Infrastructure and Structural Stability

### Message from the Guest Editor

This Special Issue centers on the intersection of sustainability, innovation, and structural stability in bridge engineering. The Special Issue welcomes original research, reviews, and case studies that cover a range of topics, including the following: Sustainable materials and design strategies for bridges; Life-cycle assessment and carbon footprint reduction in bridge construction; Structural dynamics and long-term performance; Climate-resilient and adaptive bridge infrastructure; Advanced monitoring, diagnostics, and AI-based decision tools; The integration of renewable energy and smart technologies in bridges; Retrofitting and extending the service life of aging bridge assets. It aims to showcase innovative research and practices that contribute to designing, constructing, maintaining, and monitoring resilient and sustainable bridges capable of meeting future societal, environmental, and technological demands.

# About the Journal

## Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in Sustainability, an international open access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

---

## Editor-in-Chief

Prof. Dr. Steve W. Lyon

School of Environment and Natural Resources, Ohio State University,  
Columbus, OH 43210, USA

## Author Benefits

### Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

### High Visibility:

indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, RePEc, CAPlus / SciFinder, and other databases.

### Journal Rank:

JCR - Q2 (Environmental Studies) / CiteScore - Q1  
(Geography, Planning and Development)
