Sustainable Quality Education: Innovations, Challenges, and Practices

Message from the Guest Editors

We warmly welcome high-quality articles discussing the quality of education at all levels (formal and non-formal) and in various areas of knowledge. Areas of interest include (but are not limited to) the following:

- Evaluating education policies and their impact on quality;
- Barriers and challenges to quality education;
- Educational innovation at all levels and in both formal and non-formal education;
- The results of teaching innovation at any level and in any area of knowledge: arts and humanities, sciences, health sciences, social and legal sciences, engineering and architecture;
- Inequalities in educational quality and innovation for a fairer society;
- Innovation projects that are sustainable and transferable.
