# Sustainable Quality Education: Innovations, Challenges, and Practices

### Message from the Guest Editors

We warmly welcome high-quality articles discussing the quality of education at all levels (formal and non-formal) and in various areas of knowledge. Areas of interest include (but are not limited to) the following:

- Evaluating education policies and their impact on quality;
- Barriers and challenges to quality education;
- Educational innovation at all levels and in both formal and non-formal education;
- The results of teaching innovation at any level and in any area of knowledge: arts and humanities, sciences, health sciences, social and legal sciences, engineering and architecture;
- Inequalities in educational quality and innovation for a fairer society;
- Innovation projects that are sustainable and transferable.

# About the Journal

## Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in Sustainability, an international open access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.
