Special Issue

E-learning and Smart Education for Sustainable Development in Education

Message from the Guest Editors

Sustainability, equity, quality, and efficiency in education are not only linchpins of international policy but also a fundamental demand of society. The advent of innovative technologies such as generative artificial intelligence, smartphones, the metaverse, and the Internet of Things presents both a remarkable opportunity to bolster sustainable development in education as well as a tremendous challenge to education.

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in Sustainability, an international open access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Steve W. Lyon

School of Environment and Natural Resources, Ohio State University, Columbus, OH 43210, USA

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.
