

Special Issue

Frontiers in Sustainable Information and Communications Technology

Message from the Guest Editors

We encourage researchers and practitioners to submit original research articles, case studies, and critical essays on topics including, but not limited to, the following:

- Applications of smart organization in blockchain.
- Personalization and adaptivity in learning technology systems.
- Empirical studies of micro-credential with blockchain technologies.
- Privacy and security in learning environments.
- Data protection using blockchain and artificial intelligence analytics in organizations.
- Future challenges of blockchain-enabled organization technology.

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in Sustainability, an international open access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Steve W. Lyon

School of Environment and Natural Resources, Ohio State University,
Columbus, OH 43210, USA

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.
