

Special Issue

Frontiers in Sustainable Logistics and Transportation: Current Trends, Challenges and Management of Sustainability

Message from the Guest Editors

We encourage researchers and practitioners to submit original research articles, case studies, and critical essays on topics including, but not limited to, the following:

- Innovative trends in sustainable logistics and transport;
- Current trends in the digitization of logistics and transport;
- Innovative information systems and application of smart technologies within logistics processes;
- Advances of simulation in logistics and transport;
- Practical application of logistics and transport processes;
- Impact of transport and logistics to the environment;
- Solution of ecological issues of logistics and transport;
- Cost–benefit analysis in the context of sustainable logistics and transport.

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Marc A. Rosen

Faculty of Engineering and Applied Science, University of Ontario
Institute of Technology, Oshawa, ON L1G 0C5, Canada

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, RePEc, CAPIus / SciFinder, and other databases.

Journal Rank:

JCR - Q2 (Environmental Studies) / CiteScore - Q1
(Geography, Planning and Development)
