

## Special Issue

# Future of Nature Seen from a Perspective of Urban Sustainability

### Message from the Guest Editors

This Special Issue aims to discuss the role nature and Nature-based Solutions (NbS) can play towards urban sustainability. We invite you to contribute to this issue by submitting research articles or comprehensive reviews from all disciplines, including, but are not limited to i)

Case studies and existing projects illustrating how nature and NbS contribute to improving health and well-being in cities; ii) Outline the future potential of nature and NbS and the role it can play in the perspective of urban sustainability; iii) Analyze good practice of nature and NbS linking biodiversity and climate change strategies in cities; and iv) showcase the benefits of nature and NbS during the Covid-19 pandemic.

### Guest Editors

Dr. Hai-Ying Liu

The Climate and Environmental Research Institute NILU, P.O. Box 100, 2027 Kjeller, Norway

Dr. Giovanna Ottaviani Aalmo

Division of food production and society, NIBIO – The Norwegian Institute of Bioeconomy Research, Ås, Norway

Dr. Xianwen Chen

NINA – Norwegian Institute for Nature Research, Oslo, Norway

## About the Journal

### Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.
