

Special Issue

Sustainable Development of Organization Performance for Economic and Business Aspects

Message from the Guest Editors

Sustainability has become a global focal point, and sustainable enterprises represent a critical sustainability issue in the economic and business domains.

Sustainable enterprises emphasize the need for businesses to pursue growth while adhering to the principles of Environmental Protection, Social Responsibility, and Good Governance (ESG) to ensure long-term competitiveness and enhance corporate value, ultimately achieving sustainable corporate development. The objective of this Special Issue is to explore how enterprises can leverage economic and business strategies or business models to balance corporate profitability with sustainable development goals (SDGs). The scope of this Special Issue includes the following topics: ESG and Organizational Performance; ESG and Corporate Evaluation; ESG and Corporate Decision-Making; ESG and Capital Market Evaluation; Corporate Governance and Capital Market Evaluation; Corporate Green Investment and Capital Market Evaluation; Corporate Digital Transformation and Green Technology Applications; Sustainable Supply Chain Management; Corporate Government and Stakeholder Management; Sustainable Business Model Innovation.

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in Sustainability, an international open access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief
