Special Issue

Advances in Sustainable Paving Materials and Pavement Construction

Message from the Guest Editors

Sustainability is pleased to present this Special Issue, which aims to publish advances in sustainable paving materials and pavement construction. In this Special Issue, original research articles and reviews are welcome. Research areas may include (but are not limited to) the following: carbon-neutral roads, green road infrastructure, use of recycled materials. improvement of standard materials using recycled materials, marginal granular materials and modifications, advancements in field and laboratory characterization of sustainable materials, new sustainable bio-binders for asphalt mixtures and asphalt recycled mixtures, RAP usage, warm mix asphalt, selfhealing of bituminous materials, alternative cementing agents, alternative materials for low-volume roads, sustainable pavement construction techniques, and life cycle assessment of paving materials.

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Marc A. Rosen

Faculty of Engineering and Applied Science, University of Ontario Institute of Technology, Oshawa, ON L1G OC5, Canada

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, RePEc, CAPlus / SciFinder, and other databases.

Journal Rank:

JCR - Q2 (Environmental Studies) / CiteScore - Q1 (Geography, Planning and Development)
