

Special Issue

BRICS+: Sustainable Development of Air Transport and Tourism

Message from the Guest Editors

Air transport and tourism are among the major concerns of emerging economies. In this Special Issue, original research articles and reviews are welcome and research areas may include, but are not limited to, the following:

- BRICS+ sustainable air transport and tourism;
- Sustainable inbound and outbound tourism in emerging countries;
- Economic causality between air transport and tourism in emerging countries;
- Air transport and tourism market forecasts in emerging countries;
- Bottlenecks for air transport and tourism in emerging countries;
- Digital media, tourism, and air transport in emerging countries;
- Middle class growth—a new market for tourism, and air transport in emerging countries;
- BRICS+ sustainable tourism and air transport case studies;
- Competition between the tourism and air transport of emerging countries and traditional Global North tourist destinations;
- How people choose tourist destinations in emerging countries;
- Direct connectivity between air transport and tourism in BRICS+ countries;
- Air transport and tourism infrastructure in emerging countries.

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in Sustainability, an international open access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Steve W. Lyon

School of Environment and Natural Resources, Ohio State University,
Columbus, OH 43210, USA
