

## Special Issue

# Resilience and Recovery of Tourism from the Perspective of Sustainability

### Message from the Guest Editors

This Special Issue addresses the transformative paths for post-pandemic tourism, highlighting the essential role of sustainability. Key research areas include:

- **Cultural and Social Resilience:** The role of community-based tourism in preserving cultural heritage.
- **Destination Sustainability:** Practices that enhance resilience in vulnerable tourism areas.
- **Community Integration:** How local communities can adopt sustainable practices to improve resilience.
- **Resilience Frameworks:** Comprehensive models defining the relationship between resilience and sustainability.
- **Metrics for Success:** Development of indicators to measure sustainable recovery.
- **Technology and Innovation:** The impact of digital tools and green technologies on sustainable tourism.
- **Tourist Behavior:** Changes in traveler attitudes towards sustainability post-pandemic.
- **Post-Crisis Recovery Planning:** Integrating sustainability in recovery strategies.
- **Business Sustainability:** Adapting business models to embed sustainability in tourism.
- **Climate Adaptation:** Strategies for tourism destinations to mitigate climate-related risks.

## About the Journal

### Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.
