

Special Issue

Resilience and Recovery of Tourism from the Perspective of Sustainability

Message from the Guest Editors

This Special Issue addresses the transformative paths for post-pandemic tourism, highlighting the essential role of sustainability. Key research areas include:

- **Cultural and Social Resilience:** The role of community-based tourism in preserving cultural heritage.
- **Destination Sustainability:** Practices that enhance resilience in vulnerable tourism areas.
- **Community Integration:** How local communities can adopt sustainable practices to improve resilience.
- **Resilience Frameworks:** Comprehensive models defining the relationship between resilience and sustainability.
- **Metrics for Success:** Development of indicators to measure sustainable recovery.
- **Technology and Innovation:** The impact of digital tools and green technologies on sustainable tourism.
- **Tourist Behavior:** Changes in traveler attitudes towards sustainability post-pandemic.
- **Post-Crisis Recovery Planning:** Integrating sustainability in recovery strategies.
- **Business Sustainability:** Adapting business models to embed sustainability in tourism.
- **Climate Adaptation:** Strategies for tourism destinations to mitigate climate-related risks.

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in Sustainability, an international open access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief
