

## Special Issue

# Green and Bio-technology for Food Corps: Advance, Challenge and Application in the Future of Sustainable Agriculture

### Message from the Guest Editors

This Special Issue will focus on ongoing developments in the application of green technology approaches. We invite original research papers and reviews that evaluate the potential of these technologies and redirect conventional agricultural towards a sustainable agricultural system. Discussions on the effects of biotechnologies on social, environmental, and health aspects are welcome.

# About the Journal

## Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in Sustainability, an international open access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.
