

## Special Issue

# Water–Fertilizer Utilization and Sustainable Agriculture

### Message from the Guest Editor

In this Special Issue, we aim to exchange knowledge on any aspect related to crop photosynthetic and nutritional physiology, sustainable farming system, and water–fertilizer utilization, thus facilitating the core ideas and innovative techniques in order to improve agricultural production.

# About the Journal

## Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in Sustainability, an international open access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.
