

Special Issue

Intellectual Capital and Sustainable Development: An Integrative Approach toward 2030 Agenda

Message from the Guest Editor

This Special Issue intends to explore cross-disciplinary approaches, strategies, methodologies, and applications of intellectual capital, knowledge-based development, and wealth creation theories in sustainable development. This Special Issue encourages researchers in intellectual capital, knowledge management, the knowledge-based economy, knowledge-based development, and other disciplines and cross-disciplinary fields to explore how integrative approaches can contribute to accelerating the implementation of the 2030 Agenda to fulfill the United Nations' Sustainable Development Goals. Relevant topics include, but are not limited to, the following areas:

- Sustainable intellectual capital;
- Driving sustainable development through intellectual capital;
- Sustainable entrepreneurship;
- Sustainable Development Goals (SDGs);
- Water, energy, climate, and sustainability;
- Economic sustainability;
- Social sustainability;
- Environmental sustainability;
- Sustainability and business responsibility;
- Sustainable cities and communities;
- Responsible consumption and Production;
- Global Partnerships for Sustainable Development.

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Marc A. Rosen

Faculty of Engineering and Applied Science, University of Ontario
Institute of Technology, Oshawa, ON L1G 0C5, Canada
