

## Special Issue

# Sustainability and Human Well Being in Latin American Cities

### Message from the Guest Editors

This Special Issue aims to compile and provide information on sustainability and human well-being in Latin America from different perspectives that, together, can contribute to different sectors of society for the implementation and consolidation of the New Urban Agenda. Contributions will be aligned (but not limited) to the following topics:

- Theory, history and study cases;
- Governance;
- Urban planning;
- Biodiversity;
- Ecosystem services and disservices;
- Architecture and urbanism;
- Science and society;
- Public policy;
- Green Infrastructure;
- Urban agriculture;
- Urban ecology

---

### Guest Editors

Dr. Franco Leandro Souza

Dr. Fabio Angeoletto

Dr. María Silvina Fenoglio

# About the Journal

## Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in Sustainability, an international open access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.
