

Special Issue

Sustainable Structural Design for High-Performance Buildings and Infrastructures

Message from the Guest Editors

In this Special Issue, we want to focus on recent advancements and trends for sustainable design of high-performance buildings and structures. We invite the publication of original research studies, review papers, and experimental and/or numerical investigations on the mentioned topics. The analysis of sustainable structures is welcome at different levels, including material, component, and assembly aspects. Both new design projects or the retrofit and mitigation of existing structures, as well as case studies, will be of interest for this Special Issue. Keywords:

- structural systems
- environmental and climate change
- ambient conditions
- vulnerability assessment
- extreme design loads
- experiments
- numerical simulations
- hazard
- scour
- infrastructure
- sustainability
- reliability
- risk

Guest Editors

Dr. Chiara Bedon

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Marc A. Rosen

Faculty of Engineering and Applied Science, University of Ontario
Institute of Technology, Oshawa, ON L1G 0C5, Canada

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, RePEc, CAPIus / SciFinder, and other databases.

Journal Rank:

JCR - Q2 (Environmental Studies) / CiteScore - Q1
(Geography, Planning and Development)
