

Topical Collection

Higher Education and Sustainable Development of Universities

Message from the Collection Editors

This Special Issue will comprise a selection of papers addressing training of future professionals in sustainability in the university. University education plays an important role in promoting environmentally responsible citizenship. In addition to generating knowledge, it is also responsible for training future professionals within the framework of sustainability. Higher education and other in-service training systems need to be reviewed to establish basic student competences in sustainability, as well as to analyze which pedagogic/didactic methodologies are the most appropriate to improve such competences. This Special Issue focuses on studies evaluating and analyzing the relationship between ESD and student university training. Authors from different disciplines related to sustainable development issues are invited to submit their papers.

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Marc A. Rosen

Faculty of Engineering and Applied Science, University of Ontario
Institute of Technology, Oshawa, ON L1G 0C5, Canada

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, RePEc, CAPIus / SciFinder, and other databases.

Journal Rank:

JCR - Q2 (Environmental Studies) / CiteScore - Q1
(Geography, Planning and Development)
